February 23, 2018

Rochelle Family-

As you know, the spring semester is busy on a plethora of fronts already with spring sports and academic events. Our continued focus on ensuring that students are engaged daily and offered the opportunities to showcase their learning are at the forefront of our efforts.

A special thank you goes out to our amazing teachers and staff here at Rochelle ISD. Each day, our team works as a unit to make sure that our students are successful in their academic and extracurricular efforts. Thank you to our wonderful community for your continued support!

Matt Fields – Rochelle ISD Principal

Feedback Appreciated

We'd love to hear from our Rochelle ISD families and community members. Please email Mr. Fields or Mr. Lewis at either mfields@rochelleisd.net or dlewis@rochelleisd.net with feedback about our campus. We will attentively listen to what is shared with us.

After School Tutoring

Our teachers and students have been busy in after school tutorials over the last several weeks. Over those last several weeks, we have begun to shift our focus on preparing for the big exams (the STAAR and EOC exams) on the horizon. The Rochelle instructional team actively uses student performance data to provide guidance on what content pieces need a little additional help. Parents, thank you so much for your support – our data strongly suggests that students that attend tutorials show great gains.

Rochelle High School UIL Academic Invitational

March 3, 2018

Parents, if you would like to volunteer to grade, judge speeches, or help direct students to contests, please call the office.

Rochelle ISD Spring Testing Schedule

The following test dates are set by the state's assessment team; it is vital that we have all of our students present on the following test dates. Please contact the front office if you have any questions about this schedule.
